12 Fundamental Principles Presented To Industrial Conference For Labor Troubles

(By Associated Press)

Washington, Oct. 10.—Opposition to collective bargaining and closed shop were among twelve fundamental principles outlined by Grouh, representing capital, and presented today to the national industrial conference here. Sympathetic strikes and boycotts are declared "indefensible, anti-social and immoral," except as a last resort, and then only for private industry. For public utilities, the state should impose regulations assuring a continuous operation and at the same time provide means for promptly hearing and adjusting complaints and disputes. Opposition to strikes of government employees was expressed but the right of employees to be heard should be "amply safeguarded."

For the settlement of disputes in private industry, it was proposed that each establishment be regarded as an industrial unit with adequate machinery for adjustment of misunderstandings between employers and employees, with both "equally subject of public authority and legally answerable for its own conduct or that of its agents."

The conference adjourned until next Tuesday. Meanwhile the general committee of fifteen will consider proposals made by three groups—capital, labor and public.

## 9,000 VETS IN LINE

(By Associated Press)

Atlanta, Ga., Oct. 10.—More than nine thousand veterans assembled here today for the parade of the United Confederate Veterans, the crowning feature of the annual reunion. The line of march led many over the route they took when they rushed to the defense of Atlanta, enveloped by General Sherman's army. Commander in Chief Van Zandt, of Fort Worth, Texas, led the column until it reached the reviewing stand, where he took his place beside Governor Dorsey.

## ONE FLIER DIES

(By Associated Press)

San Francisco, Oct. 10.—Lieut. V. Wales, an army transcontinental flier, crossed into the mountains in a snow storm at Saratoga, Wyoming yesterday, and died at a nearby farm house, the army aviation service announced today.

## Wilson Has Another Good Night

(By Associated Press)

Washington, Oct. 10.—President Wilson had another restful night and physicians bulletin today expressed satisfaction with the nourishment he is taking. Despite the progress, however, his physicians will insist upon a long period of absolute rest and quiet.

## Japs Were Friendly

(By Associated Press)

Tokio, Oct. 10.—When Captain L. V. Jones and Corporal Benjamin Sterling, the Americans arrested at Inman, north of Vladivostok, recently by Cossacks on a charge of not having identification papers, the Japanese soldiers did not threaten to back the Cossacks if American detachments endeavored to force their release. Instead, according to the Japanese General Staff statement, the Japanese offered their good offices which resulted in the Americans' release. The story that the Americans demanded an apology for the alleged Japanese threat, is declared untrue.

## American Soldier Killed

(By Associated Press)

Omsk, Oct. 10.—An American soldier in Vladivostok has been recently shot and killed by Russian officers, it has been learned here. This and other incidents has led to the demand of the Allied commanders at Vladivostok for the removal of Russian troops from the city. Vigorous protests by the Omsk government, however, led to the withdrawal of the demand.

## CITY SUNDAY SCHOOLS LEAD BY 89

The results in the contest of the Sunday Schools of the Christian Churches of Richmond against the Sunday schools of this denomination out in the county which was started last Sunday showed the two Sunday schools of Richmond in the lead by 89. This contest is arousing much interest in the schools, and the attendance both in the county and city will increase as the contest progresses. The results for the first Sunday were as follows:

1st Christian Church Richmond	370
2nd Christian Church Richmond	77
Total for Richmond Churches	447
Kavanaugh Christian Church	49
Speedwell Christian Church	60
Pond Christian Church	57
Kirkville Christian Church	55
Berea Christian	35
Mt. Zion Christian Church	43
Mt. Pleasant Christian	59
Total County Churches	358

The totals show for themselves, however we have been unable to get a complete report as several of the schools did not advise us as to the number present. If the superintendent or Secretary of the Sunday school will kindly mail a postal card to F. M. Stiver at Richmond, Ky., we shall be glad to list them and it will add interest to the contest.

## Von Falkenhayn Goes To Bat With Claims For What He Did

(By Associated Press)

Berlin, Oct. 10.—In defense of his administrative career as chief of staff of the German armies in 1915 and 1916, General Erich Von Falkenhayn denies that German losses at Verdun were excessive. He declares they were under those of the enemy.

German defensive operations at the Somme, he declares, were effective under his direction whereas only limited results previously had been achieved. The successes of the English and French at the Somme, he claims, were possible only because of the Austrian collapse which necessitated the dispatch of heavy reinforcements to the eastern front.

Von Falkenhayn declares the swift success of the Rumanian campaign which he commanded after his dismissal as chief of staff was due primarily to exhaustive preparations of the general staff before his retirement. Rumania's declaration of war, he states, was the external pretext for his retirement although this move on his part was primarily due to the machinations of other persons in German military circles, who had been plotting his overthrow for a long time.

## Arrested On Charge of Arson

(By Associated Press)

Hodgenville, Ky., Oct. 10.—Boss Allen was arrested on a charge of arson and brought here today from his farm home and jailed, when Allen's house burned. His three children, niece and housekeeper were burned to death, Allen alone escaped.

## REAL ESTATE SALES BREAK ALL RECORDS

Average of 75 Deeds a Month Are Being Recorded In Office of County Clerk

Madison county has probably never, in all her history, known such trading in real estate and town lots as has developed here within the past few months. An average of 75 deeds a month are being recorded at the County Clerk's office, and sales seem to be increasing all the time. The Daily Register endeavors to give a report for the latest deeds filed at least once a week. Since last report a total of 37 have been filed with County Clerk J. W. Maupin, thus transferring ownership to thousands of dollars worth of property in this good county. The deeds filed since report are:

## Girl Mangled Under Train

(By Associated Press)

Miss Josie Prewitt, 18 years old, daughter of Wm. Prewitt, living on the Frank Clay farm near Paris, was instantly killed Wednesday by being run over by an engine and three cars of a passenger train from Cynthia to McLooney, on the L. & N. The young woman was on her way to spend the day at Winchester with a friend and just as the train was pulling into the depot at Escondido she attempted to cross the track in order to enter the car from the opposite side. She was struck by the engine and before the train could be stopped three cars had passed over her body which was mangled.

## WAR MOTHERS URGED TO REGISTER

The first annual convention of the Kentucky Chapter of American War Mothers will be held at the Parrish House, corner Market and Church streets, opposite the Y. W. C. A. cafeteria, Lexington, October 20th.

The board of directors composed of the officers and County War Mothers, will meet at 9 a. m. The convention proper will begin at 10:30 a. m.

The mother of every son, and daughter who served in the army or navy is urged to attend.

Only delegates may vote. The County War Mothers are delegates by virtue of their office. In addition each county unit is entitled to one delegate for every 15 members.

An interesting and profitable program is being planned with reports from the National Convention, addresses by Miss Mary E. Sweeney and others, songs by a quartette of soldier boys, etc.

Anyone wishing to attend will please confer with Mrs. R. R. Burnam, Madison County War Mother. Mrs. Burnam has placed the record books at the Madison National Bank in charge of William Burnam. She hopes that as many as can will register from Madison county before the state convention is held. The dues are only 35 cents a year, of which 25 cents is for the local chapter and 10 cents the state per capita.

## HARRIS PARK IN IRVINE ICE COMPANY

Harris Park, formerly of Richmond is to be secretary and treasurer of the company which is planning to build an ice factory at Irvine. The Tribune of that city said of the venture in its last issue:

"That Irvine is to have a nice factory is now an assured fact for the promoters have secured the railroad company's agreement to lay a siding and to also assure the new company that they will make Irvine the receiving place between Louisville and the east. This company has already made their initial payment on the machinery and they state that April 1st 1920 the citizens of Irvine and Ravenna will have all the ice delivered to their homes at a very much reduced rate than has been the case this past summer. The company have also ordered two delivery trucks of several tons capacity. The officers of the company are: O. W. Witt, Pres., J. L. Langan, Vice Pres., and H. Parks Sec., Treas.

## SERVICES CLOSE AT CHRISTIAN CHURCH

At the Christian church, last night, Dr. E. E. Violette brought to a close what is generally conceded to be the best series of sermons ever preached in Richmond. Dr. Violette is a gifted man, with a broad vision, and a firm faith in God; his message will long be remembered. The solos of Mrs. Paul Burnam and Miss Metcalf were beautiful additions to the gospel appeal. With such men as Dr. R. H. Croisfield and Dr. Hugh McLellan in the audience, the singing of fine hymns, the plea of the gospel from the heart of an earnest man, the confession of faith from youth and age, the meeting closed in a spirit of benediction and blessing. The Sunday morning service will be a continuation of the meeting; and a baptismal service will follow the evening sermon by the pastor.

Dr. Violette left for his home in Kansas City this morning.

## COL. BRYAN URGES STATE AMENDMENT

Col. William J. Bryan spent Saturday of last week in Kentucky speaking for the state prohibition amendment. Col. Bryan had a great crowd at Hopkinsville Saturday afternoon and hundreds were unable to get within hearing distance of him at the W. C. T. U., state convention at LaGrange. He made a powerful plea that Kentucky permanently put up the bars against the saloon and urged all dry voters to get to the polls election day.

Colonel Bryan said that while he had no direct information it was his opinion that the war time ban against the saloon would not be lifted before January, when the national amendment goes into effect. He said that the defeat of the amendment would be taken by the "Wets" as an indication that the prohibition wave had reached its crest and was receding.

He gave statistics given him Saturday, comparing arrests in Hopkinsville, Ky., during months of July, August and September of last year and of this.

In 1918 there were 577 arrests during these months, against 135 in 1919; 334 of these were for drunkenness in 1918 and seventeen for that cause in 1919, and 234 arrests for other crimes in 1918 against 118 arrests in 1919, according to the records.

## Can Now Solder Aluminum

Geneva, Switzerland, Oct. 10.—A discovery which is expected to save housewives great expense has just been made by a Berne engineer, Chas. Bingelli, who has invented a process for soldering aluminum. Professor Schule, of the Federal Institute of Berne, in a test made a few days ago, soldered two bars of aluminum. They snapped under the weight of 800 pounds, but the successfully resisted pressure. Therefore, aluminum had defied welding, the Professor said.

## Selling Splendid Cement Roofing

Frank Shifflet has gone to Estill and other mountain counties this week, selling his splendid Liquid Roofing Cement, which he is manufacturing at his home here. The Daily Register can testify to its splendid qualities, for one application stopped three bad leaks in the skylight of its new building, when ordinary roofing cement had failed. Mr. Shifflet made one application of his product and not a drop of water has leaked since. Mr. Shifflet plans to start manufacturing his cement on a large scale near season, as the demand for it is constantly growing, as users learn its excellent qualities.

## ALL MADISON SCHOOLS IN RALLY HERE OCT. 24

Transfer of Madison High School Property To Be Made Notable Occasion

Plans are being made for a School Rally for the entire public school system of Madison county to be held here in Richmond on Friday, Oct. 24th. At this time, the deed of transfer from the trustees of old Madison Institute to the new Madison High School property will be formally tendered to the Board of Education by Hon. W. B. Smith, and accepted by Hon. John Noland, as chairman of the local board.

County Superintendent of Schools Ben F. Edwards, City Superintendent John Howard Payne and Mr. Noland as chairman of the Board, held a meeting Tuesday and went over plans for the rally. A number of addresses will be made and the school children will be on the program with music. County school teachers will be expected to head delegation of their pupils and patrons to event, which will be a notable affair in the educational life of the city and county.

County Supt. Edwards is sending out the following letter to teachers and trustees, giving details of the big rally:

Richmond, Ky.  
Oct. 10, 1919

Dear Teacher:

On Friday, October 24th, the formal opening of the new Madison High School, formerly Madison Institute, will be held on the campus of the high school at 10 a. m. The Madison High School will be part of the county school system in that the County Board has arranged for pupils to attend, free of tuition provided they are more conveniently located to Richmond than to any other county high school.

It has been decided to make October 24th a great school rally day for all of Madison county. The purpose of this school rally will be to focus attention upon the schools, to increase the attendance, to educate sentiment toward legislative reforms in our school system and to arouse more enthusiasm and interest on the part of the public.

It has been agreed that we have a competitive parade of all the schools of the county on the morning of October 24th at 10 a. m. This parade will start the day's exercises.

Each school will be considered a unit in the parade. Three prizes will be given: the first prize to the school making the best showing; the second prize to the school making the second best showing and the third prize to the school making the third best showing. The judges will take three things into consideration in awarding the prizes, namely the percentage of attendance based on enrollment, the general appearance from the standpoint of military order in the march and the originality of the teacher in the artistic decoration of her school in an inexpensive way. The parade is scheduled to start at the Caldwell school building on Second street at 10 a. m. sharp. All teachers should report at the Caldwell building with their schools by that time. This school rally will take the place of the regular teachers' meeting on the last Saturday in the month. All schools which take part in the parade will be given a holiday on Friday, October 24th and the teachers will not be asked to attend any teachers' meeting on Saturday, October 25th.

Teachers, if you are in favor of better schools, better salaries and longer terms, get behind this movement and bring your whole school and every patron to Richmond October 24th for the parade. Your presence or absence in the parade will be an index to the school in your community.

Write me at once for any particulars that you may know. I shall look for you at school in the parade on October 24th. Yours for better schools BEN F. EDWARDS

## CROPS IN POOR SHAPE, SAYS COHEN'S REPORT

Crops as a whole are under average due to late spring and poor growing conditions, says the Agriculture Department report for September. The drought has affected every part of the State and while some of the late maturing corn is coming out, yet as a whole the corn crop is not up to normal. The estimated average yield of corn this year is 23 bushels per acre as compared with 25 bushels average in 1918 which also was a dry year. The quality is given as 85 per cent. The estimated production for the state according to above estimates would be something over 77 million bushels.

The final estimate on wheat makes an average of 105 bushels per acre or a total estimated production of 10,983,000 bushels. This is considerably less than last year, but while the state acreage was increased the production averaged 2 bushels less per acre this year.

Condition of Burley Tobacco is at 75 per cent with an estimated average yield of 708 pounds per acre with about 75 per cent of crop housed. Conditions of dark tobacco is 81 per cent and an estimated average yield of 794 pounds per acre with 67 per cent of the crop housed. The total number of pounds of all tobacco produced is given on the preliminary estimate to be 413,801,000 pounds.

Hemp is an especially short crop with small acreage and the few estimates received on this would indicate a light yield.

Yield of potatoes is indicated to be 59.5 bushels per acre with condition given at 72 per cent indicating a producing of 4,165,000 bushels this year. While sweet potatoes yield is estimated at 91 bushels per acre average with condition of 87 per cent, indicating a state production of 1,092,000 bushels.

Grasses show as follows—Blue grass 69 per cent; Clover grass 68 per cent; Orchard grass 80 per cent; Alfalfa 75 per cent.

Third cutting of alfalfa averaged 1.02 tons per acre.

Pastures are dry, but have greatly improved the last month. Stock water is scarce in many localities. Condition of live stock is given at 88 per cent.

The acreage planned for fall wheat is only 74 per cent and with but little seeding done. This is about thirty-three per cent less than last year's acreage. Reports would indicate that 11 per cent of acreage planned had been sown Oct. 1st.

The preliminary estimate on acreage of rye is 89 per cent, which is about the same as last year.

While wheat acreage is materially cut, seeding is still in progress. Many farmers are seeding to rye and barley for cover crops. More and more ground limestone is being used as the farmers realize fully the value

The drought has been completely broken here by a good down pour of rain last Sunday night. The grass is growing and is better than any time during the season.

Mr. and Mrs. Thomas Pilcher spent Sunday with J. B. Smyth.

Miss Ada Smyth was shopping in Richmond Saturday.

The Congleton heirs have closed a deal with a Cincinnati lumber firm for their timber in Estill county, near Lock No. 11, on the Kentucky river. It contains several hundred acres of timber. They will begin moving it soon.

J. B. Smyth sold to Younger Norris eleven 800 pound steers at 9 1/2 cents per pound.

Rev. T. P. Edwards sold his farm to Richard Walters of Estill county. Rev. Edwards will give up farming and go to Henry county, where he has accepted a call to the ministry.

Thomas Pilcher has bought the John Bush farm near Waco. He will move to it the first of the year.

Dr. E. C. McDougle, of Richmond, held services at the Bend school house last Sunday evening. He preached a very interesting and forceful sermon. There was a large audience to hear him.

Mr. and Mrs. Ed Ellington gave the young folks a social Saturday night. There were about 20 in attendance. All went away glad to have been there.

A. C. Dennis still makes his regular trips down in the Paint Lick section. It is thought that he is looking after a partner to help run the Big Sand hotel. The attraction seems to be growing.

#### The Many Mysteries of Nature

BY L. W. BOWER, M. D.

You can take an onion seed and a pansy seed, and plant them side by side in the same spot of ground. In one case, you get an onion, with its peculiarly strong odor, and in the other you get a flower of rare beauty. You can plant a poppy seed and get opium (a dangerous, habit-forming drug), or you can plant a rhubarb seed and get something that helps constipation. No scientist, living or dead, can explain these mysteries of Nature. Behind the invisible life germ in each seed is hidden the deep secret that nobody understands. Everything growing out of the ground seems intended for some use in establishing natural conditions. Dr. Pierce, of Buffalo, N. Y., long since found out what is naturally best for women's diseases. He learned it all through treating thousands of cases. The result of his studies was a medicine called Dr. Pierce's Favorite Prescription. This medicine is made of vegetable growths that nature surely intended for backache, headache, weakening drains, bearing-down pains, periodical irregularities, pelvic inflammations, and for the many disorders common to women in all ages of life. Dr. Pierce's Favorite Prescription is made of lady's slipper root, black cohosh root, unicorn root, a cohosh root and Oregon grape root. Women who take this standard remedy know that in Dr. Pierce's Favorite Prescription they are getting a safe woman's tonic so good that druggists everywhere tell it.

Favorite Prescription should have the full confidence of every woman in America because it contains no alcohol and no narcotic. Dr. Pierce knew, when he first made this standard medicine, that whiskey and morphine are injurious, and so he has always kept them out of his remedies. Send 10c to Dr. Pierce's Invalids' Hotel, Buffalo, N. Y. for trial pkg. Tablets.

### LOCAL RED CROSS RECORDS IN ARCHIVES

Miss Lucia Burnam, vice chairman of the Madison county Red Cross chapter has received an appreciative letter from National Headquarters, following a receipt of the records showing the war work done by the local chapter. The letter follows:

Washington, D. C.  
Oct. 7, 1919

Miss Lucia Burnam,  
Vice Chm. Madison Co. Chap.  
American Red Cross  
Richmond, Kentucky.

My dear Miss Burnam:

The Division Manager of the Lake Division has forwarded to this bureau your Chapter History. This very interesting document has been placed in the archives of the American Red Cross and forms a permanent record of the achievements of your chapter during the war period. May I not take this occasion to sincerely thank you and your co-workers for your co-operation in preparing this document?

Your Chapter History, along with thousands of others forms a very valuable addition to the war records of the Red Cross. I am sure that these histories will reflect very intimately the splendid spirit of self-sacrifice and patriotic devotion which has characterized the chapter of the American Red Cross.

Sincerely yours,  
COLIN HERRLE

Director Bureau of Archives.

### Road Tax Election

Notice is hereby given that the undersigned, Sheriff of Madison county, Kentucky, will on TUESDAY, NOVEMBER 4, 1919 between the hours of six a. m. and four p. m., open a poll in all the voting precincts of Madison county, Ky., to ascertain the sense of the voters of Madison county, Ky., as to voting a tax of twenty (20) cents on the hundred dollars of all property subject by law to local taxation, for the improvement or construction, of the public roads and bridges of the county, either or both, each year for a period of ten years. The question to be submitted to the people shall be:

"Are you for a property tax of 20 cents on each one hundred dollars worth of property in the county, to be levied each year for ten years, for the purpose of improving or constructing, either or both, the roads and bridges of the county?"

All in favor thereof will vote YES, all opposed thereto will vote NO.

### Predicts Higher Tobacco

The Danville Advocate said last week: Mr. Walter Dunn, one of the best tobacco auctioneers in the country, has been in Danville for a couple of days. He will return tonight to North Carolina to remain during the rest of the season. He stated that tobacco there was selling at from ten to 20 cents higher this year than last and that the market there was a splendid barometer for this one. In his opinion, tobacco in Kentucky will be even higher than it was last year, when it was at the highest figure in the history of the business. He will return to Danville in ample time to cry the sales here when the market opens.

### PUSHING SALES OF WAR SAVINGS STAMPS

Henry J. Hayes, is here today with County Chairman John C. Chapman, pushing the sales of war savings stamps, which is still being urged by the government as a splendid method for the people to save money. In speaking of the work, Mr. Hayes said:

The entire state is asked to buy \$1,500,000 Treasury Saving Certificates. Madison county's quota has been fixed at \$22,000 for the remaining three months of 1919 by the Saving Division War Loan Organization Treasury Saving Certificates are in reality Government bonds of the same type as Liberty bonds. They possess an advantage over the Liberty bonds was much as they cannot go below par. In effect they are Uncle Sam's ten-days notes.

The certificates draw 4 per cent interest compounded quarterly, which give a net return of \$4.27, if held until maturity, Jan. 1924. The price of the certificates during this month is \$84.20 for \$100 denomination \$84.20 for the \$1,000. Get busy people with your idle money. These certificates can be secured through your banks. The city school and county schools are to be organized into War Saving Stamp Clubs.

On Sept. 15th the Government paid \$88,750,981.81 in interest to the owners of Third Liberty Bonds. This district will get about two and one-half million dollars of this money. This money should be reinvested in War Saving Certificates.

### Says State Is Short 1000 Teachers

According to Prof. R. S. Eubanks, of Lexington, editor of the Southern School Journal, and who held the teachers' institute in Madison a few weeks ago, Kentucky is short 1,000 public school teachers. He says: "Despite shifts of various kinds, such as consolidation of schools and the drafting of young, inexperienced teachers in many rural districts teachers are still badly needed."

Louisville men will come into control of the McCombs Producing & Refining Company when Abram Renick president, and his son, Felix Renick secretary, step out on Oct. 15, if plans of certain directors materialize. Another McCombs development was filing of suit against the company by J. W. McCulloch, asking \$35,600 damages for alleged failure to deliver stock.

### HAD CHRONIC BRONCHITIS FOR TWENTY-SIX YEARS NOW WELL AND HAPPY THIS IS WORTH READING

The experience of Mr. E. J. Tuppall, 1438 Rose street, LaCrosse, Wisconsin, is chiefly remarkable on account of the length of time he was afflicted.

He writes: "I have been suffering with chronic bronchitis for twenty-six years and every winter I would catch cold and become so hoarse I could not speak for six or eight weeks. I could get only temporary relief."

"This winter I was taken with Grip and was in awful shape. A fellow workman advised me to take PE-RU-NA. By the time I had used three-fourths of a bottle, the hoarseness was gone, also that tired feeling. I am on my second bottle. Hereafter PE-RU-NA will be constantly in my house. It is the best medicine ever put up for the purpose."

For any disease due to catarrh or catarrhal conditions, PE-RU-NA is equally dependable. Coughs, colds, catarrh of the head, stomach trouble, constipation, rheumatism, pains in the back, side and loins, bloating, belching gas, indigestion, catarrh of the large and small intestines, are some of the troubles for which PE-RU-NA is especially recommended.

PE-RU-NA can be purchased anywhere in either tablet or liquid form.

In Montgomery county W. Ed Jones has sold his farm of 120 acres on the Quisenberry pike, to W. B. Robinson, of Mt. Sterling, for \$308.33 an acre, possession to be given March 1. The farm is nearly all in bluegrass sod and is one of the best in that county. Former County Judge William O. Chenault has purchased from G. T. Fox a brick residence and two acres of ground on the Winchester pike and will get possession March 1. The price paid was \$7,000.

### HAVE COLOR IN CHEEKS Be Better Looking—Take Olive Tablets

To have a clear, pink skin, bright eyes, no pimples, a feeling of buoyancy like childhood days, you must keep your body free from poisonous wastes. Dr. Edwards' Olive Tablets (a vegetable compound mixed with olive oil) act on the liver and bowels like calomel—yet have no dangerous after effect. Take one nightly and note results. They start the bile and overcome constipation. That's why millions of boxes are sold annually. 10c and 25c.

## QUIT BUSINESS SALE

### JOHN E. SEXTON SELLS HIS SHOE STORE

United Clothing Stores Takes Over Stock and Will Soon Open With New Business

John E. Sexton Tuesday sold his shoe store on West Main street to the United Clothing Stores. Invoicing is going on today, and as quickly as the stock can be inventoried, a quick sale of the entire outfit announced. Then the store will be remodeled, a modern front put in and a brand new stock of men's clothing and outfits will be installed, and the establishment begin operation along the progressive business lines that characterize the operation of this firm's stores all over the state.

The retirement of Mr. Sexton from active business in town to his farm on the Lexington pike is one of the most important business deals that has been consummated here in a long time. Mr. Sexton has been in the shoe business for the past 11 years, and numbered his friends by his acquaintances. He did not convey the building which he owns, to the new firm but will give them a long-time lease on it.

Mr. F. M. Boone, Jr., president of the corporation which operates the United Clothing Stores is in town in charge of the invoicing. He will make announcement of the name of the local management and the date of formal opening later—Richmond Daily Register, Oct. 8, 1919.

Every article in the above mentioned stock will be sold in a quick clean-up sale which will start as soon as the stock can be thrown in lots and priced.

Prices during this sale will be lower than the present cost of manufacturing this merchandise. The majority of this stock was bought by Mr. Sexton more than a year ago. There are hundreds of articles in this stock whose quality cannot be duplicated today at any price.

This sale coming at a time when prices are so tremendously high promises fair to break all previous sale records in Madison county and will no doubt be much appreciated by all who take advantage.

### Let 'Em Both Retract

#### And Apologize

From the way Ed Morrow brands the story was flatly untrue, it rather looks like Congressman Campbell Cantrill "pulled a bone" when he accused Ed of having prosecuted some tobacco growers on a pooling charge in Grant county several years ago. Cantrill first sprung the story in a speech at Winchester, Morrow branded Cantrill's charge as absolutely and unalterably false. He says: "I had nothing whatever to do with the indictment, trial and conviction of these men. I was not the United States Attorney at that time. I did not gain indictment. I did not prosecute them. I did not appear at all in their cases."

"I have here a certification from J. W. Menzies, Clerk of the United States District Court at Covington, which shows that the indictment of those men was returned at Covington on February 17, 1910, and was signed by James H. Tinsley, United States Attorney, and that conviction was gained April 16, 1910."

"Mr. Minzies further certifies that I was sworn in as United States Attorney January 31, 1911. Of course, if the records bear out Morrow's claim, it will be up to Cantrill to retract and apologize. But Morrow might do a little retracting himself for his false claim that the expenses of the Insurance Rating Board are paid by the taxpayers of the state, when records have been shown that the insurance companies pay all of its expenses and further that since the Insurance Rating Board took hold of things, insurance rates to the people of Kentucky have materially decreased."

So after all, it appears rather a "dog fall" to us, and if one side does any retracting, and apologizing, the other ought to also.

Kentucky fans are all mighty well pleased that Cincinnati won the world's base ball championship. If there was a one who missed seeing at least one game at Cincinnati, it was pretty nearly his own fault, for the series going to eight games, gave all a chance to get into the big park notwithstanding the huge crowds that attended the first games there. The Reds came through with great gameness, and our hats are all off to Pat Moran and his great team. May they win a dozen more pennants and championships in a row. Their victory this year has been the best advertisement that Cincinnati has ever had. For a first class, real town, that burg is hard to beat.

# AT AUCTION

**Two Farms on the Famous Poosey Ridge In Madison County, Ky., Where the Finest Tobacco in the World Is Raised**

**SATURDAY, OCT. 11th, 1919**

AT 10:30 A. M.

I will offer for sale publicly the two farms of Mr. Walford Agee located about two miles west of Cottonburg on the Kentucky River pike.

These farms are located in the best tobacco section of Madison county and land all around them is selling at any price the owner asks.

Each of these farms will be offered in tracts and then as a whole.

### FARM—NO. 1

Is located on the Kentucky River Pike and contains about 64 acres of land. Upon this farm is a tenant house and a new tobacco barn. Practically all of the land is sandstone and there is no better in the neighborhood.

This farm will be offered in two tracts of about 32 acres each and then as a whole. The barn and tenant house will be located on tract No. 1, and tract No. 2 is unimproved. This tract is known as part of the John Andrew Ham farm.

### FARM—NO. 2

Is located on the Wheeler Branch Road about one half mile from the above described tract and contains about 47 acres. Upon this farm is located two sets of improvements. Tract No. 1 having a new six-roomed dwelling, all necessary outbuildings and a tobacco barn which will hold 3 acres of tobacco, and contains about 28 acres. Tract No. 2 has a good three-roomed tenant house and a tobacco barn which will hold two acres of tobacco.

**You Want To RAISE TOBACCO, Buy A POOSEY RIDGE FARM.** It raises the best.

Farm No. 2 will be sold first and then farm No. 1, and the sale will be held on farm No. 2. At the same time and place Mr. Agee will offer the following stock and implements for sale:

- |                           |                   |
|---------------------------|-------------------|
| 3 good milch cows.        | 17 head of hogs.  |
| 1 horse, eight years old. | 1 yearling steer. |
| 1 brood mare.             | 1 wagon.          |
| 1 yearling filly.         | 1 buggy.          |
| 5 weanling calves.        |                   |

Mr. Agee is winding up his business in Kentucky in order to carry out his plans to go into business in the west. **COME TO THIS SALE.**

**DON'T FORGET THE DATE, SATURDAY, OCT. 11th. AT 10:30 O'CLOCK A. M. RAIN OR SHINE**

Anyone who desires to inspect these farms will either see Mr. Agee on the premises or the undersigned will take pleasure in showing them to prospective purchasers.

#### Social and Personal

The Cecilian Club resumed its work for the season 1919-20, Wednesday afternoon at Cumberland View, the home of the President, Mrs. T. D. Chenault. The programme arranged by the host was in two divisions by American composers. The first part was miscellaneous, the second confined to one composer, though unfamiliar not by any means obscure—John Mokreys of Bohemian, parentage, but a native of Iowa. The piano numbers from Mokreys were given by Mrs. Harvey Chenault, Mrs. Olla Green, Mrs. McGaughey, and a lovely group of songs were rendered by Miss Melcalf in her usual happy manner. The Club was greatly pleased to welcome to its membership a young artist of whom Richmond is most proud. Miss Marie Louise Kellogg was known as a musical prodigy from her earliest childhood, and now she comes back to us after years of study, a polished pianist ready and willing to contribute her quota to the musical progress of Kentucky. Miss Kellogg complimented her teacher, Mr. Boyle, by playing one of his own compositions which was received by the club and guests present with great enthusiasm.

Mrs. Chenault had also prepared some delightful surprises for this opening session. Mrs. Henry T. Duncan, chairman of the Music department, of the Woman's Club at Lexington, was the guest of the afternoon, and sang a lovely group of songs by Burleigh and Sidney Homes. Mrs. Duncan has a rich contralto

#### MRS. SANFORD'S MESSAGE TO WORKING WOMEN

Laurel, Miss. — "Eight years ago I  
was suffering with pains and weakness  
caused by a female  
trouble. I had head-  
aches, chills and fe-  
vers, and was unable  
to do my work part  
of the time. Lydia  
E. Pinkham's Vege-  
table Compound was  
recommended to me  
and I took twelve  
bottles of it, and my  
health has been good  
ever since. I am  
able to run the ma-  
chine and do dress-  
making besides my housework. You  
are at liberty to publish my letter if it  
will help some poor suffering woman."

—Mrs. J. C. SANFORD, 1237 Second Ave.,  
Laurel, Miss.

Thousands of women drag along from  
day to day in just such a miserable  
condition as was Mrs. Sanford, or suffering  
from displacements, irregularities, in-  
flammation, ulceration, backache, side-  
ache, headache, nervousness, or "the  
blues."

Such women should profit by Mrs.  
Sanford's experience and try this famous  
root and herb remedy, Lydia E. Pink-  
ham's Vegetable Compound, and find

#### Our Weights Will Stand The Test

When we sell you a bill of  
groceries or send you a  
meat order, we see to it  
that the weight is correct.  
It is an easy matter for oth-  
ers to quote low prices, and  
perhaps make up for the  
difference in weights. It is  
your duty to report anyone  
making a practice of this.  
The Government will ap-  
preciate it too. When you

## "SMELLERS" ABOUT THRU THEIR "WORK"

Representatives select committee to in Washington, D. C. Oct. 8.—For nearly five months the House of Representatives war expenditures, popularly known as the Republican "smellers" has delved into the problem of how, and why, a Democratic administration won the greatest war of history. Bands of sub-"smellers" have journeyed to the Pacific coast, to camps and cantonments and to France in a search for campaign material for the G. O. P.

And what is the official result? The probability that most of the sub-committees will not turn in their reports for six months. That would be March, or about three months before the holding of the Republican convention. There is little likelihood, however, that the Democratic leaders will permit any such delay, so far as their protests can carry. Consequently much of the information will likely come out in debate on the floor of the House long before that time.

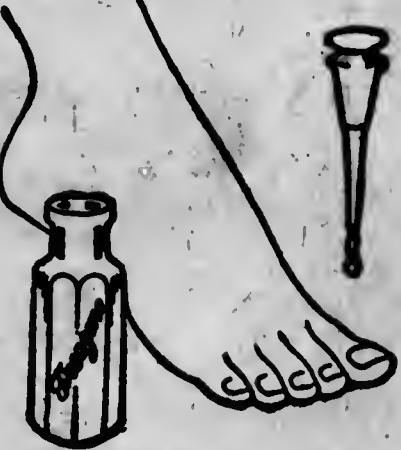

The country still recalls the defeat administered to the sub-committee on foreign expenditures at Paris in their attempt to "smell" General Pershing on the day before he sailed for America. It is unjust to attribute this defeat to all the sub-"smellers" as the Democratic member, Henry D. Flood of Virginia, had no part in the affair; the chairman, Royal C. Johnson, of South Dakota, and his Republican colleague, Oscar E. Bland of Indiana Monopolizing that feature.

Johnson and Bland arrived in Paris on Aug. 15, and two weeks later, Aug. 28, called on General Pershing for information to be given the following day. They were well aware at the time of their arrival of the approximate date of the American commander's date of departure, and later knew that Aug. 30 had been fixed as the time.

When they called upon the General at his headquarters the members of the committee were informed by General Pershing that all his documents, records, etc., were either at Brest or in the hold of the "Leviathan," and that he did not want to make any important statement without being able to refer to them. That did not satisfy Representatives Bland who insisted upon "examining" the soldier. That settled it for Pershing and he flatly refused to answer, saying he would be available on his return to the United States, when, with his records in hand, he be glad to reply to all questions. For this he was denounced in cable-

Doesn't hurt a bit and Freezone costs only a few cents.

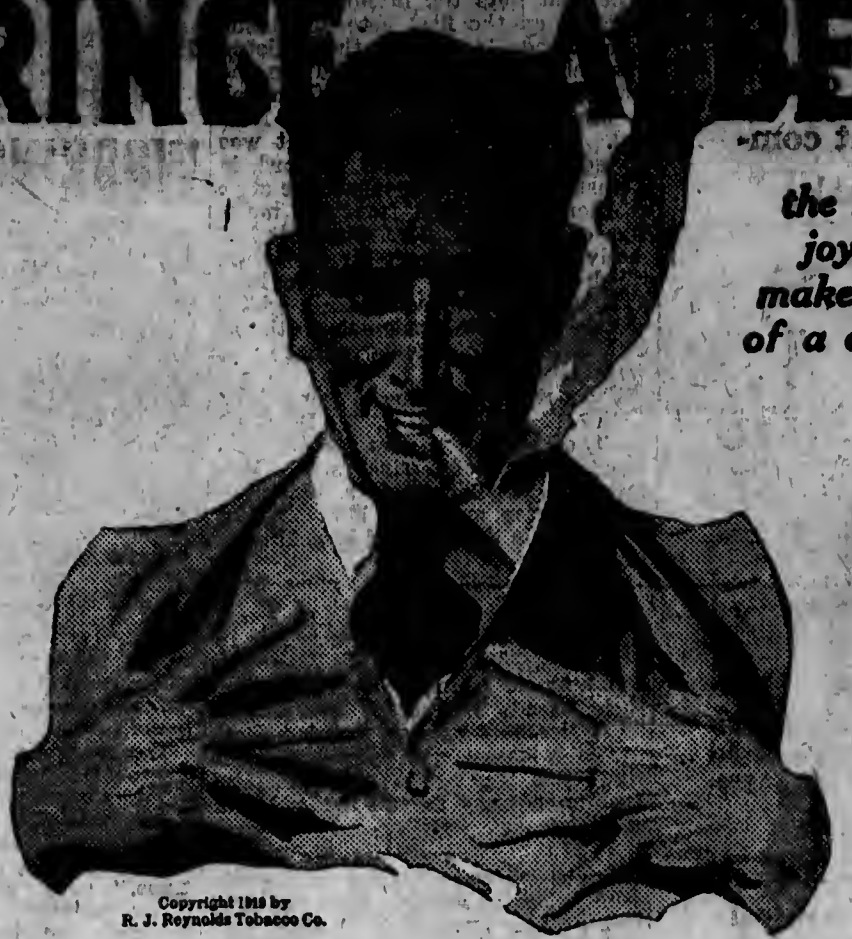

With your fingers! You can lift off any hard corn, soft corn, or corn between the toes, and the hard skin calluses from bottom of feet.

A tiny bottle of "Freezone" costs little at any drug store; apply a few drops upon the corn or callus. Instantly it stops hurting, then shortly you lift that bothersome corn or callus right off, root and all, without one bit of pain or soreness. Truly!

# PRINCE ALBERT

the national joy smoke makes a whale of a cigarette!

Copyright 1918 by R. J. Reynolds Tobacco Co.

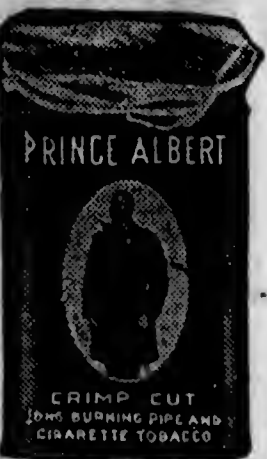

**YOU certainly get yours** when you lay your smokecards on the table, call for a tidy red tin or a toppy red bag of Prince Albert and roll a makin's cigarette! You'll want to hire a statistical bureau to keep count of your smokestunts! Why, you never dreamed of the sport that lies awaiting your call in a home rolled cigarette when it's P. A. for the packing!

Talk about flavor! Man, man, you haven't got the listen of half your smokecareer until you know what rolling 'em with P. A. can do for your contentment! And, back of P. A.'s flavor, and rare fragrance—proofs of Prince Albert's quality—stands our exclusive patented process that cuts out bite and parch! With P. A. your smokesong in a makin's cigarette will outlast any phonograph record you ever heard! Prince Albert is a cinch to roll. It's crimp cut and stays put like a regular pal!

Prince Albert upsets any notion you ever had as to how delightful a jimmy pipe can be! It is the tobacco that has made three men smoke pipes where one was smoked before. It has won men all over the nation to the joys of smoking.

grams by Johnson and Bland over-riding Congressional authority, etc.

As in the cases of the other sub-committees, the French explorers failed to uncover the expected campaign material, and their methods have excited the derision and denunciation of several of their own party organs. As Representatives Flood a Congressman of many terms, put it: "There was nothing in the evidence that would appeal to any reasoning mind as justification for the criticism by the Republican members of the sub-committee."

Representative Bland in the various statements he has given out since his arrival in the United States drew particular attention to the disposal of property for \$400,000,000 which he valued at \$1,700,000,000. He neglected to state that much of this property cost the United States nothing, having been captured from the Germans. A commission consisting of ex-Senator Hollis of New Hampshire; Gen. Charles G. Dawes of Chicago, and ex-Judge Parker of Texas, valued this property at one billion dollars. Of this amount \$200,000,000 worth was disposed of to other nations, and the remainder sold to the French government for \$400,000,000 under a blanket contract, the French assuming all American liabilities in connection with the occupation of more than 155,000 tracts of land, and also agreeing to feed and generally support all American troops during the entire time they remained in France. It must also be remembered that much of the property sold to the French consisted of buildings which could not be otherwise successfully or profitably disposed of.

There was some irony in the situation of the sub-"smellers" because the automobile in which they surveyed France belonged to that country by purchase from the United States; likewise the gasoline that furnished the motive power.

Another sub-committee that has been much in the public eye because of the methods of its chairman, Jas. A. Frear, of Wisconsin, Republican, was that investigating aviation. The other members were Walter W. Magee, of New York, Republican, and Clarence F. Lea, of California, Democrat.

Representative Lea expressed the public idea of this committee as reflected in newspapers and other periodicals of both parties when he said, on his return to Washington:

"The attitude of Chairman Frear in conducting the spruce investigation on the Pacific coast was a disgrace to Congress. I do not for a moment believe the Republican members of the House of Representatives approve of the browbeating methods used by Mr. Frear."

It will be remembered that Frear wired to Washington a denunciation of John D. Ryan, of New York, when the evidence that Frear would not admit but which was subsequently learned by the public, proved that Mr. Ryan had nothing whatever to do with the railroad construction cited.

Such an influential Pacific coast newspaper as the "Portland Journal," independent, denounced the Frear treatment of witnesses, calling his manner "that of a thickened police court lawyer," and saying that he brought "the great American House of Representatives down to the level of a kangaroo court."

Also, "the chairman (Frear) bullied, badgered and insulted General Disque because of the latter's activity in establishing the eight hour day in the camps and mills," and added that "chairman's efforts to smear men's reputations and taint their good

name in a mad desire to 'get something' on the Government are so obvious as to be perfectly transparent and perfectly understood."

In Boyle county Mr. Thomas Gentry sold his farm located on the Blue Grass pike to Mr. Shewmak-

er-of Washington county. The farm contains 327 acres and the price was \$300 per acre. Col. I. M. Dunn, sold sixty acres of land for Shelby Arnold to William Clark at \$800 an acre. The land is located near Lancaster.

The clocks will be turned back one hour the last Sunday in this month in order to conform to "sun time." The Day Light Saving law, recently repealed by Congress, was a war measure and were turned forward the first Sunday in April. It has proven a boon to the industries of the country and has meant the saving of millions of dollars in industrial centers.

Two real estate transfers in Winchester this week will be of interest to readers here, where both gentlemen are known. Dr. E. P. Strother purchased a residence on College street, for a price said to be \$3,800.

#### Quite Simple Remedy.

Men who are compelled to work at night frequently are heard to complain that they are unable to sleep in the daytime. We have suffered from that affliction while working on a morning newspaper. We know of but one sure cure. That is to get a job working days. The desire to sleep in the daytime then becomes as natural as breathing.—Kansas City Star.

#### Needles Long in Use.

Steel needles were found among the Kafirs in Africa, and elsewhere, so that they may have had early aboriginal invention in more than one country. The earliest European eyed needles were of bone and ivory, sometimes of bronze. In 1370 steel needles were certainly being made in Nuremberg, possibly in England also, though until 1563 the raw material came from Spain.

## DR. DYE TO WED SOON

The following clipping from the Winchester Sun will be read with interest here, where Dr. Dye was rector of the Episcopal church: Dr. W. R.

## RESIDENT HAS AWFUL EXPERIENCE

"I was twice confined in hospitals, in the last one nothing but gruel water was injected into me 4 times a day, as my stomach would not retain any food. I suffered terribly; was reduced to a skeleton. My folks saw an ad of Mayr's Wonderful Remedy and it has surely saved my life. I weigh 180 lbs. now." It is a simple, harmless preparation that removes the catarrhal mucus from the intestinal tract and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. Sold at H. L. Perry & Son's and druggists everywhere. It

Dye, rector of the Episcopal church, has tendered his resignation to accept a pastorate in Hancock, Md. Dr. Dye is expected soon to wed Miss Martha Simrall, a charming young Mt. Sterling woman, the ceremony to be performed in the near future. Dr. Dye is beloved and respected not only by members of his congregation but by people who greatly regret his contemplated departure, but are congratulating him on the charming bride he is to win.

Mrs. Charles Mehagan, of Chicago, is the guest of Mrs. C. S. Powell in Burnamwood.

## SAYS EFFORTS LIKE THOSE OF DROWNING MAN

Took Medicines As Victim Grabs At Straw, Cromwell Says—Trutona Brings Needless Aid

Paducah, Ky., Oct. 9—"Just as a drowning man grabs at a straw, so have I been trying every new medicine I heard of in an effort to get relief from long standing troubles; and the search has not been in vain, for I have found simply marvelous relief in Trutona." J. S. Cromwell, a prominent Paducah business man of 312 Jackson street, said recently.

"I've had liver trouble for a long time," he continued, "and last March I had an infection which left me in a terrible condition. I had a bad cough. Constipation bothered me almost continually and I usually felt tired and worn out. If I leaned over for any length of time I would become dizzy when I'd raise up."

"I simply feel like a man made over again, since taking Trutona. My bowels act with clock-like regularity now, the dizzy spells have ceased to occur and the former terrible cough is 100 per cent improved. And Trutona has restored my old time 'pep' too. I can't say too much in favor of Trutona and I feel it my duty to tell the public as it may be the means of some other sufferer gaining relief. Trutona has helped me where other medicines failed and I'm glad to recommend it."

Trutona is now being explained and introduced in Richmond at H. L. Perry & Son's.

## Personal Trouble In Pikeville

Judge R. H. Cooper, attorney of the Pike county bar, and trustee in bankruptcy for the United States, is in a hospital at Pikeville suffering from injuries that may prove fatal. Cooper was struck down under cover of darkness by K. S. Burchett, a man of powerful physical proportions, whose property as a bankrupt was then in the hands of Cooper awaiting settlement. It is the prevailing opinion that some sort of instrument was used, as several bones about the face were found to be broken, with serious injury to the skull. Burchett was some time ago sentenced to the penitentiary to serve five years on a charge of murder, but was released after having served only a few months of his term. He is held under a bond of \$1,000.

## PRESTON COX BUYS C. B. ENGLISH HOME

Preston Cox, of the Speedwell section, bought this week of C. B. English, his handsome home on Woodland avenue. The price paid is understood to have been \$6,000. Mr. English will probably make his home with his family in Lexington. His business headquarters are there and in Charleston, W. Va. Mr. Cox will move to town to make this his home, it is understood, and will be cordially welcomed. The sale was negotiated by L. P. Evans, real estate dealer.

## Mrs. Tudor's Fine Sale

Col. Bob Walker held a splendid sale for Mrs. Ida Tudor at her home on the Tate's Creek pike Wednesday. There was a big crowd on hand, and everything sold splendidly. Farming implements and household and kitchen furniture sold "out of sight." A team of aged horse mules brought \$315. Thirty hogs of varying sizes sold at from \$7.50 to \$32.50 a head; two milk cows, strippers, sold at \$50 and \$60 respectively. Young cattle at from \$20 to \$35 a head.

## Jobs Needed For \$20,000

Approximately 20,000 former officers and men of the army must be provided with jobs during the present month, according to a statement by the War Department. Reduction of the forces to the limits prescribed by Congress, the announcement said, will release 90,000 men from service by October 31, including 13,500 officers. As previous experience has shown that 80 per cent of the returning soldiers go back to their former employment, it was estimated that only 20,000 would need aid in getting back to civil life.

## DEWS OF EVE

No More Gentle Than "Cascarets" for the Liver, Bowels

It is just as needless as it is dangerous to take violent or nasty cathartics. Nature provides no shock-absorbers for your liver and bowels against calomel, harsh pills, sickening oil and salts. Cascarets give quick relief without injury from Constipation, Bilioousness, Indigestion, Gases and Sick Headache. Cascarets work while you sleep, removing the toxins, poisons and sour, indigestible waste without griping or inconvenience. Cascarets regulate by strengthening the bowels muscles. They cost so little too.

THERE will be a box and pie supper at Boggs school house on Saturday night, October 11. Also plenty of music. Everybody cordially invited. 266 1p

## GONE FOR GOOD

Results That Last Are What Appeal To Richmond People

Kidney sufferers in Richmond want more than temporary relief. They want results that last—Results like Mrs. Edwards tells about.

Here's a thorough test. Four years is a long time. Doan's Kidney Pills have stood the test and stood it well. Why experiment with an untried medicine?

People here in Richmond have shown the way.

Read the story of Mrs. W. T. Edwards, 308 Edwards Ave. She says: "I had weak kidneys and backache. I got Doan's Kidney Pills at Middleton's Drug Store and they made me feel fine."

OVER FOUR YEARS LATER Mrs. Edwards said: "Doan's Kidney Pills made a permanent cure for me."

Price 60c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Edwards had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. Oct. 10-3w
